

# Cute Polar Bear Craft

I saw this awesome idea at one of the schools I work at. It is such an easy, but super cute project.

I absolute love it and I think you will too!

## What you'll need:

- Paper plate
- Cotton balls
- Pom poms (for eyes & ears)
- Googly eyes
- Pipe cleaners
- Black felt material
- Ribbon
- Glue & lots of it!
- Scissors (and cup/glass)

## What you'll do:

- 1) Put glue all over the paper plate.
- 2) Add cotton balls, lots of cotton balls, enough to cover the entire plate.
- 3) Place a cup/glass upside down on a piece of black fabric or felt. Trace using a piece of white chalk or white crayon/pencil crayon. Cut out the circle.
- 4) Cut out two smaller circles (both should be the same size) from the black fabric. (I used a shot glass to trace the smaller circles)
- 5) Glue the nose on top of the cotton balls, in the middle of the plate.
- 6) Glue the two ears to the back side of the plate so the top half of the circle sticks out from the top of the plate.
- 7) Glue on the googly eyes.
- 8) Make "candy cane" shapes with the pipe cleaners and glue on below the nose.
- 9) Tie a bow with the ribbon and glue it under the pipe cleaners.

*Now you have a soft, cute polar bear :)*
